JAMES F. LANE KILLS HIMSELF

CLEARMONT FARMER DESPONDS BECAUSE OF ILL HEALTH.

HAD BEEN AILING FOR TWO YEARS

Consulted Specialists Who Gave No Hope for Severe Case of Cancer—Funeral Tomorrow.

James F. Lane, 53 years old, committed suicide at his home, three and one-half miles southeast of Clearmont, at 3:30 o'clock yesterday afternoon. He shot himself through the abdomen with a shotgun, and died two hours later. Despondency, brought on by ill health, was the cause of the deed.

Mr. Lane had been ailing for about two years. A year ago he went to Rochester, Minn., to consult the Mayo specialists, and after taking treatment was greatly benefited. A few weeks ago his old trouble returned and he went to Rochester for a second consultation. The physicians found him in a hopeless condition, diagnosing his case as cancer of the stomach. He was not told of this, but the doctors informed his son, Charles Lane, who accompanied him to Rochester.

Mr. Lane returned to Clearmont and began the treatment that the doctors advised, but he seemed to realize that he could not get well.

Yesterday afternoon Mr. and Mrs. Mike McGettigan, Pearl Hizer and John Burch came in to spend the afternoon with Mr. and Mrs. Lane. Suddenly Mr. Lane left the living room and went into the bed room. A shot was heard, and when Mrs. Lane and her visitors rushed to the bed room they found Mr. Lane lying back on the bed, with the shotgun beside him.

The wounded man was perfectly conscious until his death, two hours later. It was said that he told his wife that he wanted to do the deed while there was plenty of company in the house, so that his family would not be alone.

Mr. Lane was a prominent farmer of the Clearmont district. He was born in Putnam county, Missouri, in 1863, and lived a part of his life in Nebraska and Kansas. In 1884 he married Miss Matilda Huls, and of this union three children were born—Mrs. Howard Cramer of Clearmont, Charles Lane of Burlington Junction and Cleo Lane, living at home with his parents.

Funeral services will be held at 2 o'clock tomorrow afternoon from the family home, the Rev. Horace Weaver, pastor of the Christian church at Burlington Junction, officiating. Burial will be in Clearmont cemetery.

The second team of the football squad, accompanied by Coach Palfreyman, left this morning over the Wabash for Lamoni, Ia., where they will meet the Graceland college eleven tomorrow afternoon. The muddy roads made it impossible to go by autos, so it was necessary to leave a day earlier than was anticipated to reach Lamoni by rail. The following men are on the team: Palmer, c.; Lawton, r. g.; Gannon, l. g.; Hudgins, r. t.; Hartman, l. t.; Peters, l. e.; De Moss, r. e.; Bird, Andrews, Girard and Scott, backfield; Brown, Hahn.

DEATH OF NICK MERGEN

Nicholas Mergen, aged 70 years, and for twenty-eight years a resident of Omaha, and for twenty-five years a member of the Woodmen of the World, died Wednesday morning after an illness of more than a year, at his home, in that city. He is survived by a wife and seven children, who are Mrs. Michael Schniker, Mrs. George P. Burchmore, Mrs. Cecelia Kramper, Misses Leona, Catherine and Margaret, all of Omaha; Albert J., of Reno, Nev., and one brother, Peter Mergen, of Kansas City.

Nicholas Mergen was born in Scheig county, Redingen, Luxemburg, in the year 1846. He came to America June 7, 1868. He settled in Maryville and lived here until 1888, when he moved to Omaha, Neb.

ENOUGH COAL HERE

BUT MARYVILLE MAY FEEL THE SHORTAGE IF WEATHER CHANGES

CAR SCARCITY, CAUSE

Local Dealers Say Situation is Serious, But Are Confident That They Can Handle It.

Maryville may be hit by the coal shortage if a severe cold spell comes within the next few weeks. The coal dealers of the city, while having on hand enough to supply their trade at the present time, would be hard pressed to supply any unusual demand.

The cause of this shortage is the inability of the coal shippers to get cars in which to ship the product over the country. Cars are being used to haul merchandise for export purposes. The coal fields of Illinois are also supplying coal for the east, and that has also caused a movement of cars eastward instead of westward.

Another reason given for the shortage at this time of the year is the warm fall, which has caused the coal dealers to delay in placing their orders, and when the orders were placed the result was an unlooked-for demand, coupled with an inadequate supply.

The local coal dealers all admit that the situation is serious, but say that they will have enough coal to supply their customers unless something unforeseen happens to delay the shipment of their coal supply.

"The main difficulty in a case of this kind," said a local dealer today, "is that people become frightened when they hear of a threatened shortage in coal and buy up all the fuel they can afford. In this way the demand becomes greater than the supply immediately available and thus the prices rise.

"Every year before Christmas there is a coal shortage, varying in intensity according to the weather and other conditions. But after the holiday season the situation eases up and no more is heard of the matter until the next year. We have never failed to get coal yet and we won't if the miners keep mining and the cars keep running."

Death of Hopkins Girl.

A PLACE TO REST

MOTHERS TO BE ACCOMMODATED AT REST ROOM TRADE WEEK.

THE MERCHANTS SIGN UP

Every Day the List Gets Longer, as Merchants Lend Aid to Movement December 2-9.

Maryville is especially well equipped to handle the large number of customers who are planning on making a visit here during trade week. There are hotels and restaurants where meals are served and numerous other accommodations for the visitors.

The places that appeal most to mothers who are planning on the trip are the rest rooms in the basement of the court house. These rooms, fitted up by the Federation of Women's Clubs, are just the places for tired mothers when the shopping trip is over.

For instance, if you have decided to spend one day in Maryville to do your Christmas shopping, plan this way: Bring the whole family and make the rest room your headquarters. It is always comfortably warm and well kept, and there is a matron on hand at all times to do what she can in the way of making you comfortable.

If you care to read you may do so in the small reading room where magazines are kept. If you want to rest there are couches there for your use. If you have brought the lunch for the family you may spread it on the tables provided for the purpose. In fact, you will find home comforts for yourself and the children at the rest room.

The ultimate aim of trade week is to increase the selling field of Maryville merchants. The stock of goods carried by the stores of Maryville is sufficiently up-to-date and complete to satisfy the needs of the most particular within a radius of 100 miles, and boosters of the scheme are confident that results will be obtained from towns that many miles away.

The committee is still at work on the task of getting merchants to sign the agreement. Not that it is a task in the true sense of the word. The merchants are almost without exception in favor of the plan and are signing up just as fast as they are approached by the committee. From day to day the list grows until in a few days the prospective customer will find it complete. He may then cut it out and have it for ready reference in deciding where he will purchase.

The fact of the refund must not be lost sight of. This is really the big reason why you are coming to town during trade week. You will get a fare refund on the purchases that you make. Just get a card when you arrive in Maryville. Have your dealers sign their names with the amount of your purchases. Then take the card to the Commercial club and the rest is easy. You will receive the refund without question.

R. R. SUIT TOMORROW

Injunctions Restraining the Government From Enforcing the Adamson Law Taken Up Soon.

Special to The Democrat-Forum.

Kansas City, Nov. 23.—Injunction suits to restrain the government from enforcing the Adamson law were set for this morning before Judge Pollock in Kansas City, Kan., will not be taken up until tomorrow. In the meantime the attorneys for the government and railroads expect to reach an agreement by which a multitude of suits filed throughout the country can be settled by one and possibly two test cases before the supreme court before January 1.

Washington, Nov. 23.—With conferences between attorney general and the representatives of the railroads in progress here, there still exists a deadlock as to whether suits shall be used to test the constitutionality of the Adamson law by the supreme court.

Desertion and abandonment are the charges in the petition for the divorce. Mr. Willie was formerly in the restaurant business on the north side of the square.

I desire also to express my best wishes for a successful administration."

HOPING TO WIN

M. H. S. ANXIOUS TO TAKE STANBERRY'S SCALP TOMORROW.

WILL UPSET THE 'DOPE'

Playing on Home Field and Season's Experience to Change Banish the Hoodoo, They Say.

Local football fans will have the opportunity of seeing a couple of games which promise to be interesting, if the Maryville high school team stays in its present form. Tomorrow afternoon at Normal park the high school boys will tackle the Stanberry team for the second game of the season, and on Turkey day Coach Lewis, a Maryville boy, will bring his team here from Chillicothe for a game.

A consideration of the "dope" on tomorrow's game would lead one to believe that the visiting team will have the better chance of winning, but "dope" is often upset.

Earlier in the season the Stanberry team defeated the local high school team by a score of 34-0, but the Maryville team was then playing under disadvantages which will not be present at tomorrow's game.

Whereas the first game was played on foreign territory, the next one will be played at home, and that means a great deal.

Moreover, the game at Stanberry was Maryville high's first experience with this form of sport, while the Stanberry team had had several years of football experience. Football ability cannot be acquired in a single contest or by a few weeks of coaching; it must be gained by experience in numerous games.

The Maryville team has, since its first encounter with Stanberry, gained some valuable experience by locking horns with some of the best teams in this section of the state.

There is no doubt that the team is in much better shape than it was at the time of the first game. The men are no longer "green," and besides they have a season of hard practice to help them. They have confidence in themselves and they are supported by the whole student body.

In spite of the fact that the "dope" says victory for the other team, authorities in football in Maryville who have seen the boys in action say that they will upset the "dope," banish the hoodoo and win.

The line-up will be: Center, Miller and Ramsay; right guard, Lyle; right tackle, Wray and Lewis; left tackle, Groppe; right end, Egley and Hise; left end, Condon; full back, Daniels; quarter back, Pickens; left half, Pierpoint and Hagins; right half, Woodard.

Fire Destroys Forcade Home.

Fire of unknown origin destroyed the home of Peter Forcade, five miles east of Clearmont. The fire was discovered about 3:30 this morning. Only a part of the furniture was saved. The loss was partly covered by insurance amounting to $1,200.

REMAINS ARRIVE

BURIAL OF ERNEST TEMPLETON TO BE HELD TOMORROW.

DETAILS OF ACCIDENT

Kansas City Star Gives Account of Collision Between Taxicab and Trolley Car.

The remains of Ernest W. Templeton, who was killed in an accident at Kansas City yesterday morning, arrived in Maryville today, and funeral services will be held at 2 o'clock tomorrow at the home of his parents, Dr. and Mrs. N. W. Templeton, conducted by the Rev. Gilbert S. Cox, and burial will be in Miriam cemetery. The body was accompanied by Dale Harmann, a former Pickering boy, but now located in Kansas City, and in charge of a Taxicab company in that city.

Besides his parents, the young man is susvived by two sisters, Mrs. P. N. Griffin of Bedford, Ia., and Miss Neva Templeton of this city. He was 26 years old.

The following is an account of the accident as taken from the Kansas City papers:

An eastbound Independence, Mo., car crashed into a yellow taxicab at Tenth street and Forest avenue shortly after 8 o'clock yesterday morning, killing E. R. Templeton, the chauffeur, and injuring two passengers in the taxi, Henry Robinson, 56 years old, and his son, L. E. Robinson, 20, both of St. Paul, Neb.

Templeton was thrown beneath the wheels of the street car and dragged a considerable distance. The body remained under the car for nearly fifteen minutes before it could be gatten out by firemen, who "jacked" up the coach. It is believed Templeton was kill de almost instantly.

The two men in the taxicab were not thrown from the machine. They were bruised and cut about the head. They were able to continue unassisted to the home of relatives at 1406 East Ninth street, whom they were on the way to visit.

According to witnesses, Templeton was driving north on Forest avenue and as he neared Tenth street he slowed down to pass behind a westbound Brooklyn avenue car. Apparently he did not see the Independence car approaching from the west on the other track, for he drove his machine directly on the track ahead of it. The car struck the cab in the middle, dragging it quite a distance, but did not overturn it.

Ralph Raynor, 39 years old, of 505 South Denver avenue, the motorman of the car, and E. S. LaRose, 42 years old, of 632 Brighton avenue, the conductor, were arrested. However, the prosecutor refused to file charges against them until the coroner's inquest is held, and they were released. Raynor said the slippery rails made it difficult to stop the car quickly when he saw an accident could not be avoided.

Templeton was 26 years old and lived at 414 East Eighth street. He is survived by his father, a Maryville, Mo., physician; his mother, and two sisters. The body will be taken to Maryville for burial.

DISCUSS EDUCATION

LEADERSHIP MUST BE IN CHRISTIAN HANDS, SAYS MR. COX.

SOCIETIES TO REPORT

Missionary Bodies to Give Account of Year's Work—Special Music This Evening.

Last night's Home Mission Week service at the First Methodist church was well attended. The quartet composed of Prof. H. B. Schuler, Mrs. Charles Moore, Dale Hulet and the Rev. Gilbert S. Cox gave a pleasing selection, after which Prof. H. P. Swinehart talked on his experiences at De Paw university. His address was followed by a lecture on Christianizing Education," given by the pastor.

The representatives of the various missionary organizations of the church will report tonight at the session. They will give complete reports of the numbers enrolled in the various bands, of the studies pursued at their meetings and of the contributions received.

The following societies will report: Women's Foreign Missionary society, Young Women's Foreign Missionary society, King's Herald band, the Women's Home Missionary society and the Queen Esther Circle.

In his address on "Christianizing Education," the Rev. Mr. Cox said:

"College has been fundamental in the making of America. The boasted opportunities of our common people were only made in view of the fact that the common man has come into his place among the leaders of the world through the influence of the college.

"Because the college education multiplies the opportunities of leadership by 200, it is most important that this increase in power be used by a Christian man.

"The Christian college is not a solution of Christian education, but so far as it goes it has made good. I would call attention to the fact in proof of this statement that the leaders of churches, of missionary and charitable movements and of nearly all social and civil reforms have been men educated in Christian colleges.

"If the church expects to continue to furnish leaders for Christian education and for higher callings it must capture young people of the masses when they are approaching the highest manhood and womanhood."

Ear Has 26 Rows.

Uncle Dan Bollinger was telling on the streets the other day that he had an ear of corn with 26 rows on it. No one doubted Uncle Dan's word, but decided he had not counted the rows right, believing it impossible that he had such an ear, so just to "show them," he brought the ear to the Journal office Monday, where it can be seen and examined by any "doubting Thomas."—Hopkins Journal.

Will Not Serve Thanksgiving Dinner.

The Ladies' Aid of the Baptist church, at the regular meeting at the home of Mrs. J. A. Speirs, decided to give up the idea of serving Thanksgiving dinner at the church, because of the high price and scarcity of turkeys. Instead, they will concentrate all of their efforts on a bazaar which will be held at the church December 14, in the church parlors.

The women are planning to have five booths at the bazaar—four fancy work booths and one candy booth. They will serve chicken pie dinner at noon and a waffle supper in the evening.
